CONFIRM SEWER ASSESSMENTS

Remonstrances on Michigan Street Work Fail to Affect Original Roll.

Despite the filing of three remonstrances by the Grand Trunk R. R. Co., the Birdsell Mfg. Co. and Dudley M. Shively, attorney for the Shively estate, the assessment roll on the big Michigan st. sewer as originally made out was confirmed last night by the board of public works.

Mr. Shively was the only one to appear in person and his remonstrance was based on the grounds that the board of works had no right to assess a direct benefit on property which he charged could not be indirectly benefited.

Mr. Shively announced that he would appeal the case. The money involved is something like \$30. In case the assessment matter is appealed to the circuit court, three viewers are appointed by the court to investigate the matter, and their report is regarded as final and is adopted.

Several complaints against the drop in sidewalk along Michigan st. said to have been caused by the construction of the sewer were registered with the board last night. The city engineer was instructed to investigate.

Resolution confirming the Carolina street pipe sewer assessment rolls were passed. The assessment roll for curbs and walks on Ford st. and various other streets were confirmed.

Curling Hair Like This Promotes Its Health

For those whose hair is straight and long nothing better could be recommended than the silurine method. This insures a beautiful curliness which is perfectly natural in appearance, and the health of the hair is not affected as where the heated iron is used. A few ounces of liquid silurine—which can of course be had at any drug store—lasts a long time, so it is quite economical. It is pleasant to use, too, being neither sticky nor greasy, and is easily applied with a clean tooth brush. The hair should be moistened the full length before setting. The pretty wavy effect in evidence in the morning is surprising to those who try this simple method the first time. The liquid also serves as an excellent dressing, giving the hair a delightful gloss. Adv.

DON'T SUFFER—LAUGH AT STOMACH MISERY

Wetlick's Original Cut Rate Medicine Store Will Return the Money If Mi-o-na Does Not Relieve Dyspepsia.

Among all the remedies in Wetlick's Original Cut Rate Medicine Store there are few that he is willing to sell on a guarantee to refund the money if they do not cure. Mi-o-na, the famous dyspepsia remedy, has helped so many of his customers that Mr. Wetlick says, "If this remedy does not relieve you, come back to my store and we will cheerfully return your money."

Anyone who has dyspepsia, indigestion, headaches, dizziness, or liver troubles, should take advantage of this chance to be made well without any risk of spending their money for no purpose. Mi-o-na will relieve you, will regulate the digestion, will enable you to eat what you want. If it does not do all this it will not cost you a cent.

Wetlick's Original Cut Rate Medicine Store has sold hundreds of boxes of Mi-o-na in the last few weeks and has yet to receive the first complaint from any customer. Such a record is simply marvelous and speaks volumes for the merit of the remedy.

It is easy enough to fill a column with the symptoms afflicting those who have dyspepsia, but there is no need of describing their condition. What they want is relief. Such a relief can get it in Mi-o-na. Do not suffer a day longer with disordered digestion. If Mi-o-na relieves you it costs you 50 cents a box. If it does not, you have your money back. A guarantee to return your money. Adv.

T. P. MOREDOCK IN RACE FOR COUNTY TREASURER

Will Seek Nomination on Democratic Ticket at Primary.

In answer to the many requests and advice of his friends, T. P. Moredock announced yesterday that he would be a candidate for the democratic nomination for county treasurer. Mr. Moredock was born and lived, till he moved to South Bend, on a farm near Waynesburgh, Greene county, Penn. After attending the county schools he completed a course at the Pennsylvania State Normal school for teachers and afterward taught the required number of terms to obtain a teacher's state certificate.

He moved to South Bend in the fall of 1892 and located in the first ward, 315 W. Colfax av., where he still resides.

He has never held or asked for any office before, either elective or appointive. While he has not entered into the many individual and party fights and differences he has voted at every election since he was 21 years of age, voting for all the democratic candidates on the ticket that he thought qualified and worthy of the office sought.

As a member of the board of review and with over 20 years' experience in real estate values his friends regard him able to render valuable service to the taxpayers, and an official who can bring about many needed reforms that will tend to equalize the amount of taxes from the intangible as well as the tangible wealth of the city and county.

Realizing the great financial responsibility in connection with the office of county treasurer, which is largely an office of trust, requiring at all times a reliable, honest and sober man, he submits his name to the democratic voters for their consideration at the primary election March 7.

THREE MANAGERS ARE NAMED IN CENTRAL

Fort Wayne May Not be Counted In This Year—Wheeling Signs Pilot.

News-Times Special Service:
GRAND RAPIDS, Mich., Jan. 12.—That Melbourne (Tuffy) Stoll will be given further trial by the Columbus American association team was the information conveyed in a telegram received by Pres't William E. Essick of the Grand Rapids club, from Pres't E. M. Schoenbaum of the Columbus team, last night.

Pres't Dickinson and Mr. Essick returned to Grand Rapids early Monday morning after visiting Springfield, Fort Wayne and South Bend, and announced that things are fast assuming definite shape in each of these three towns.

Announcement was made yesterday that Billy Smith, the former Atlanta manager, had been secured to manage the Muskegon team. A dispatch from Wheeling last night brought the news that Harry Smith, formerly of the Pittsburgh Pirates, and later manager of the Newark, N. J., club of the International league, has been chosen to manage the Wheeling team. This would indicate that the West Virginia city really has a good chance to get a berth. As things are almost entirely settled at Springfield, South Bend and Muskegon, Fort Wayne looks like the town most likely to be left out of the 1916 plans.

Joe Dunn, former Evansville catcher, and later a member of the Brooklyn team of the National league, who was with a Texas league club last year, will be manager of the Springfield team, under Elmer Reddie, according to announcement by Pres't Dickinson last night.

The Knights of St. Anthony, of Brooklyn, have invited Sloman to compete in the suburban quarter, the feature race of their annual meet on Washington's birthday. It is said that Sloman is inclined to look upon the invitation with favor. Ted Meredith and other cracks who saw him run at the exposition, say he is the best comer yet seen on the cinder paths. Meredith says he is a promising miler and that he can defeat almost any of the cracks at the quarter distance.
